Call for Applications 2024

The **Arnold Heidsieck Scholarship** Fund offers several scholarships for one or two semesters at a university in the U.S. The program invites applications from BA-students in the humanities who are currently enrolled at a German university and have a focus on German literature, language, history and culture. The scholarships provide monthly grants of up to USD 550 and travel allowances of up to USD 1,100.

Deadline for applications: 15 April 2024 for a study stay in the course of the academic year 2024/2025. For more information please visit our website [here](#).

Arnold Heidsieck (1937-2009), philosopher and German philologist, taught as a professor at the University of Southern California in Los Angeles. Born in Leipzig and raised in Breslau, Heidsieck studied theology in Tübingen and wrote his doctoral dissertation in literary studies at the Freie Universität Berlin. His research initially centered on Kafka and his intellectual contemporaries; his later work focused on German post-war literature and representations of the Holocaust.

The **ZEIT STIFTUNG BUCERIUS** is committed to promoting an open and engaged civil society. Accordingly, it fosters a culture of informed and animated debate. For it is only through debate, the confrontation of competing ideas, the interaction of different perspectives, and a genuine exchange of opinions that we can learn from each other and breathe life into our fundamental democratic ideals.

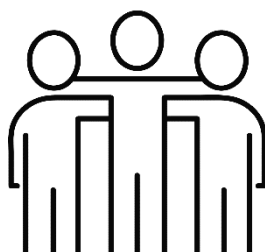

Since 1971, our grants and initiatives have sought to defend individual and societal liberty, to create space for expression and to provide orientation in areas needing support – whether relating to the sciences, culture, education, politics, society or the media. Based on these convictions, the ZEIT STIFTUNG BUCERIUS founded the Bucerius Law School in 2000, Germany's first foundation-endowed private law school. The Bucerius Kunst Forum, established in 2002 as an international exhibition venue in the heart of Hamburg, underscores the importance of the foundation's "Art and Culture" division.

The **American Friends of Bucerius** was established in 2006 as an independent charitable organization in the U.S. to develop and support the programs of the ZEIT STIFTUNG BUCERIUS.
